

NEWARK GIRL DIES IN CRASH; LOCAL DRIVER CHARGED

A coroner's jury on Wednesday charged Mrs. Flora Victoria Lewis, 42, of 2350 Dairy Avenue, Newark, with manslaughter in the death of Glenda Ruth Potts, 7-year-old daughter of Mr. and Mrs. L. M. Potts, 309 Central Avenue, Newark, on Sunday, April 23.

The little girl had been visiting a schoolmate, Janie Fisher, at the home of her parents on Cherry Street, one mile south of Newark. At 4:50 p.m. the two girls got on the bicycle and started to ride out of the driveway of the Fisher home onto Cherry Street.

Mrs. Fisher screamed to the girls that an auto was coming down the road and her daughter Janie slid off the luggage carrier on the back of the bicycle. Seconds later the bicycle collided with the car driven by Mrs. Lewis.

The little victim was taken to Fairmont Hospital in the Dallas Paul ambulance but was pronounced dead upon arrival.

The six-man jury, after listening to the testimony of investigating officers at the inquest held at the Berge Mortuary Company in Niles, returned a verdict stating, "Death due to Mrs. Flora Victoria Lewis driving at an excessive speed with faulty brakes."

In addition to her parents, the girl is survived by four brothers and sisters, Lenora, Dewane, Clara Janice and Kenneth Potts.

Funeral services were held from the parlors of the Chapel of the Palms, Centerville, at 2 p.m. Tuesday, followed by a service at the Assembly of God Church, Newark, conducted by the Rev. Henry Vancil, at 2:30 p.m.

Burial was at Lone Tree Cemetery, Hayward.

PEEVED PEA PICKER WIELDS WEAPONS

An Alvarado pea-picker will be arraigned in Centerville Justice Court today on a charge of displaying a weapon in a threatening manner, after he chased another picker with a knife and fired four shots at him Saturday morning.

The assault by Vincent D. Carmago, 29, of Alvarado, on Martin R. Urias, 20, also of Alvarado, was allegedly over the latter's improper advances the previous day to Carmago's wife, Josephine, 25.

Witnesses reported to Constable Robert Moore that Carmago lunged at Urias when they met at the scales at Fong Song's pea field on Cook's Road, Irvington.

He made several passes at Urias with a snap-bladed knife, missed him each time. When Urias fled across the field Carmago got a rifle from his car and fired after the retreating man.

HISTORICAL SOCIETY WANTS INFORMATION

Essays on local historical data will be written by local people and filed in the archives of the Washington Township Historical Society, according to an announcement this week by Mrs. Roland Bendel, chairman of the organization.

Mrs. Bendel has invited the following to prepare essays: Paul Power, old homes of Warm Springs, Mission San Jose, Centerville and Irvington; Mrs. Edna Overacker, old homes of Niles, Decoto, Alvarado and Newark; Mr. and Mrs. M. J. Howe and the Misses Theresa and Anita Gallegos, wineries and vineyards; George Coit, windmills; Mr. and Mrs. Arthur Biddle, railroads; Harold Speetzen, the Portuguese residents.

Residents of the township who have any old papers, or any information or pictures on any of these subjects, are urged to get this information to any of the people named above.

TOWNSHIP WILL BE PUBLICIZED IN NEW COUNTY BOOKLET

Washington Township is to receive its share of publicity in the booklet on Alameda County which is to be published this summer.

This was promised by Col. N. W. Armstrong, public relations executive for the Alameda County Board of Supervisors, in a talk before the Washington Township Chamber of Commerce Wednesday evening at the Warm Springs Elementary School.

Armstrong told the group that it had been 11 years since the last booklet about the county was published. He asked that each Chamber of Commerce of the township be contacted to appoint a publicity chairman to arrange appropriate copy for the booklet. He added that he and a photographer would visit the township within the next two weeks to take pictures in each town for use in the booklet.

He also asked Chamber members if they would like July 6 set aside at the Alameda County Fair as Washington Township Day. The suggestion received a favorable vote of the group and a committee is to be appointed at a future date by President Dallas Paul.

MAY GET AMBULANCE HERE
Richard Condon, assistant division chief of the sheriff's substation in Hayward, represented Sheriff H. P. Gleason at the meeting, talking on the requested county ambulance service for the township.

Condon stated that the county now has but two ambulances, which are based at Highland Hospital for the use of the indigent and poor, and therefore cannot be utilized for emergency calls.

He said that the sheriff is requesting that the new county building, to be constructed here this summer, be designed to accommodate an ambulance and crews. "If the supervisors approve the expenditure in their budget the township will receive ambulance service," Condon stated.

He announced to the group that effective Monday, May 1, one more night patrol car with a two-man crew would be added in Washington Township, for a total of three patrol cars operating here nightly.

Lowell Jones, representing the Thomas Brother Map Company of Oakland, discussed the possibility of the Chamber promoting the printing of an up-to-date map of

COURT PLEA TODAY ON DOPE CHARGE

Rocendo Rojo, 49, 701 15th Street, Decoto, stood mutely before Judge E. A. Quaresma in Niles Justice Court last Friday and heard the reading of a formal complaint charging him with two counts of narcotics law violations.

The defendant was asked by Judge Quaresma if he understood English, before the complaint was read, and Rojo's attorney, Frank Nunes of Hayward, answered that his client understood sufficient English to know what the complaint meant.

Nunes was granted a continuance of the case until 1:30 today for plea on the two counts.

The complaint charges Rojo with one count of possession of marijuana and one count of illegally growing the weed. He was arrested by a state narcotics agent and detectives from the sheriff's Hayward sub-station in a raid on his home April 14.

Richard Condon, assistant division chief of the Hayward sub-station, told newsmen, following the hearing, that he has been given permission to care for the marijuana plants until such time as they might be needed as evidence in court.

NEWARK SCHOOL DISTRICT BOND ELECTION TUESDAY

Residents of the Newark Elementary School District will be called upon Tuesday to vote on two propositions which would provide funds to complete the school building construction program.

In 1947 the district voted for the construction of a nine classroom unit, a portion of an overall plan of a 15-classroom plant.

That portion of the building was completed this spring and is now occupied. The old building, which was declared unsafe in 1940 by the State Division of Architects, still houses three full-time classrooms, the temporary cafeteria and kitchen.

SCHOOL TOO SMALL

"We are faced with the problem of too small a school for the children enrolled, and in addition two new housing subdivisions are to be opened adjacent to the school in the near future," J. I. MacGregor, superintendent of the district, said this week.

"As a result the members of the Board of Trustees have found it necessary to call a bond election for \$134,000, of which \$67,000 can be sold at once. Since this amount is insufficient to build the needed new unit of eight new classrooms and a multi-purpose room, the voters will also be asked to approve the obtaining of additional state funds by authorizing the Board to borrow from the state school building fund the necessary funds to complete the building. This amount is not to exceed \$180,000."

JACK MOSER AND BRIDE RETURN FROM
HONEYMOON; 'AT HOME' ON DUARTE AVE.

Now "at home" to their many friends, in the township are the newlyweds, Mr. and Mrs. Jack Moser, who are living in a little cottage on Duarte Avenue, Niles, following their return from a honeymoon in Southern California.

They were married on April 16, at St. John's Church in Milpitas.

The bride, the former Joy Silveria, daughter of Mr. and Mrs. Ted Silveria of Warm Springs, chose for her wedding dress a ballerina-style organdy, with white eyelet embroidery. A crown of seed pearls held her waist-length veil in place, and she carried a white prayer book with orchid marker.

Joan Dutra, the maid of honor, was also in a ballerina-length frock of orchid-color organza. She wore roses in her hair, as did the other attendant, Marilyn Dutra, who was in an aqua gown. They both carried bouquets of roses.

The little flower girl was Donna Lee Silveria, the bride's sister. She, too, was in a ballerina frock, and carried a bouquet of sweet peas.

Mrs. Roy Moser selected a navy blue ensemble with pink accessories for her son's wedding. And Mrs. Silveria wore navy blue with gold accessories.

The wedding ceremony was performed by Father Silva, against a backdrop of white stock and East-

ter lilies that were used very effectively in the decor. Bert Dutra was the soloist.

Don Querner performed as best man, and the usher was Jerry Nunes.

After the ceremony, a reception for about 200 friends of the young pair was held at the home of the bride's grandparents in Warm Springs.

Steel Mill Gets New Fire Engine

FIRE CHIEF ROLAND BENDEL of the Decoto Fire Department congratulates President Joe Eastwood of the Pacific States Steel Corp. and American Forge Co. on the company's new fire-fighting equipment. Looking on is Plant Superintendent Chas. Richey. Manning the fire truck are (left to right): Michael Machi, John Hemme, Claude Roberts, John Picone, Jerry Dutra, and Emerson Ferrell.

No, not the famous music makers on Bing Crosby's radio program.

And not five, either. There are 15 stalwarts in the plants of the Pacific States Steel Corp. and the American Forge Co., who now compose their Volunteer Fire Department.

Five of these men man the shiny, red, custom-built fire truck which the American Forge Co., affiliate of the Pacific States Steel Corp., recently purchased. It is equipped with such special facilities as 300 pounds of carbon dioxide for fighting oil fires, 350 gallons of water, fog nozzles, foam, soda-acid, vaporizing liquid, and 750 feet of 2½-inch fire hose. It also has a 500-gallon-per-minute booster pump. A trailer booster pump also will pump 500 gallons of water per minute.

"What can burn in a steel plant?" you may ask.

Plenty. In fact, if a fire once started from waste, gases, acids or oil which are always present in the steel mill, it could easily result in a discontinuance of the mill's operations for a considerable period. This would be a catastrophe for the steel plant as well as for the wage earner.

The Volunteer Fire Department at the steel plants consists of 15 men who are being specially trained by Fire Chief Bendel of the Decoto Fire Department in modern

fire-fighting and life-saving methods.

The fire truck is manned by men who live close to the plants so that they can respond quickly to calls if they happen to be off shift. A set of signals has been worked out so that the Fire Department will know at which point it is needed.

The Volunteer Fire Department will be under the supervision of Bill Wilson, plant safety engineer. Manning the truck will be: Johnny Hemme (26 years in company service), John Picone (33 years in service), Michael Machi (32 years in service), and Claude Roberts (10 years in service), all employees of the American Forge Co. Several employees of the Pacific States Steel Corp. will be added.

The equipment will be made available to other communities should the local fire departments request help.

ANNUAL ELECTION HELD BY PRUNE, APRICOT GROWERS

An estimated 300 members and guests of the Berryessa Local of the California Prune and Apricot Growers Association attended the 21st annual dinner meeting and election of officers at Washington Union High School cafeteria Wednesday evening.

Manuel J. Bernardo and Manuel Abreu, Centerville directors of the Association, were in charge of the arrangements.

The entire group stood in silence at the opening of the meeting in respect to the late W. J. Furtado of Centerville, a long-time director.

FOUR LOCAL DIRECTORS

At the business meeting, which was presided over by President Albert M. Foster of San Jose, it was voted to pay the directors \$3 for each meeting they attend during the year. Payment for the annual dinner was also authorized to be taken from the Association's fund.

Officers, nominated by postcard and elected at the meeting were: A. M. Foster, president and alternate central representative; J. A. Battaglia, San Jose, vice-president; E. T. Mather, San Jose, central representative and secretary. Directors named were: M. S. Abreu, Centerville; M. J. Bernardo, Centerville; M. S. Alameda, Centerville; Leonard George, Centerville; H. J. Imwalle, San Jose, and Roscoe Murray, San Jose.

E. N. Thayer, sales and advertising manager for the Association, was the guest speaker. Thayer told his audience that the only hope for the future prosperity of the American farmer is for his market to be broadened.

made available in ready-to-serve form. He expressed belief that processed prunes would increase sales but did not recommend frozen prune juice. He stated that the packaging of dried fruit in transparent bags was not as satisfactory as the use of boxes. Thayer told his audience that the advertising and sales promotion of the products is costly, pointing out that a page advertisement in Life magazine is \$25,000 per issue.

He concluded his talk with the statement that he believes that prunes and apricots would prove as remunerative per acre as any other crop.

A. V. ROSE INJURED
A. V. Rose of Centerville was seriously injured while at work Wednesday morning. Mr. Rose was aiding a neighbor in thinning apricots when he fell, breaking two ribs and puncturing a lung. He was rushed to Alameda Hospital.

HUSKIES CONTINUE TO HOLD LEAD

The Washington Huskies won their fourth straight S.C.V.A.L. victory last Thursday afternoon over Fremont to remain undefeated at the half-way mark in the league games for the season.

Coach Hird's lads banged out 10 hits in downing the Fremont club 9 to 3, while Sabe Elizarrey pitched stellar ball, allowing but five hits and chalking up 14 strikeouts.

The Huskies scored in five of the seven innings, getting one run in each of the second, third, fourth and sixth innings and pushing five runs across the plate in the seventh inning.

Ralph Juhl, hard-hitting left fielder for the locals, smashed out the first home run of the season for the Hirdmen in league play. Machado and Bettencourt both hit doubles off Fremont hurler Escalero.

LOCAL SOFTBALL SEASON WILL OPEN ON JUNE 5

The Washington Township Softball Association's 1950 season will open on Monday, June 5, it has been announced following a meeting of directors and managers Wednesday evening.

Under the official rules all protests must be filed immediately with the game umpire and forwarded to an arbitration board in San Jose for a decision.

Organizations planning to enter teams this season are warned that applications must be filed with Secretary Vernon Rose on or before May 8.

The next meeting of the managers and directors will be held Monday, May 1, at 7:15 p.m. in the high school gymnasium.

One bad inning in the field lost the Irvington Merchants their baseball game with the Hagen & Bell Club of Palo Alto last Sunday on the peninsula diamond, 5 to 3.

The Irvington lads outthit and outpitched their rivals, but three costly errors, all in the fourth inning, proved the downfall of the local club.

Henry Dutra and John Garcia shared the pitching duties for Manager Mayer and each chalked up five strikeouts. Dutra, however, had some difficulty with his control, passing six men.

Eddie Rose, Irvington second baseman, led his teammates at the plate, getting three hits for four times up, two of his hits long doubles. Other extra base hits were rapped out by Tony Rivers, a triple, and B. Marshall, a double.

This Sunday the Irvington club will be hosts to Marty's Club of San Francisco in a nine-inning game called for 2 p.m. on the Washington Union High School diamond. There will be no admission charged.

LAKE TAHOE TROUT

Trout fishing should be about normal when the season opens there next Monday, April 29.

LARGE STRIPERS TAKEN

Anglers took several large stripers last week from Tomales Bay in Marin County. Fishing in the bay may improve considerably during the next few weeks.

FISHING SHOULD BE GOOD

Trout fishing should be very good along streams of Monterey County when the season opens. Most of the streams have plenty of water and a good supply of small trout.

ANGLERS HAVE LUCK

Striped bass anglers have enjoyed excellent luck during the past few days near the mouth of the Mokelumne River in Sacramento County.

STREAMS IN GOOD CONDITION

All streams in the northern part of Butte County are in good condition. They are clear and not too high and should remain so unless there is some unexpected change in the weather.

ANGLING SEASON OPENS APRIL 29

Trout fishing—California's most popular outdoor participation sport—will lure an estimated half-million anglers to lakes and streams in 50 counties which open Saturday, April 29, for a six-month season.

One hour before sunrise on the same date also marks the opening of a 10-month warmwater fishing season in northern and central California counties.

According to the Division of Fish and Game, licensed anglers may go after trout, salmon, and Rocky Mountain whitefish from April 29 to October 31 in most of the state except ocean tributary streams in Humboldt County, and waters in Del Norte, Mariposa, Tulome, Alpine, Calaveras, Amador, El Dorado, Placer, Nevada, Sierra, Plumas, and Lassen Counties, where the season opens May 27.

Bag limits remain the same as in 1949: 15 trout, salmon, or whitefish, but not more than 10 pounds and one fish; five black bass; and 25 crappie, sunfish, or Sacramento perch combined.

Fish and Game Warden issued a warning that a recent legislative law requires a trout shipping tag to be attached to each daily possession limit of trout offered for shipment by common carrier. Three tags are included with each 1950 angling license.

Feather-bedding scheme of Firemen's Union to put an additional fireman on diesel locomotives has been

CONSIDERED TWICE!

Fact Finding Boards appointed by Presidents Roosevelt and Truman have said these demands were "devoid of merit" and they were

REJECTED TWICE!

Now the Firemen's leaders seek to paralyze railroad transportation to compel the railroads to employ a wholly unnecessary additional fireman to ride on diesel locomotives. This scheme is plain

FEATHER-BEDDING!

LEADERS OF the Firemen's union have called a nationwide strike starting with four great railroads on April 26. These railroads are the New York Central, Pennsylvania, Santa Fe, and Southern.

The union claim that a second fireman is needed on grounds of safety is sheer hypocrisy. Safety has been dragged into this dispute only in an unsuccessful effort to give a cloak of respectability to vicious feather-bedding demands.

After a careful study of the first demands of this union, a Presidential Fact Finding Board on May 21, 1943, reported to President Roosevelt that there was no need for an extra fireman on diesel locomotives.

Again, on September 19, 1949, after a second hearing on the union leaders' demands, a second Board reported to President Truman that: "there presently exists no need for an additional fireman... upon either the ground of safety or that of efficiency and economy of operation."

Safety Record of Diesels is
Outstandingly Good

Although the railroads accepted the Board findings, the union leaders have brazenly rejected them. They represent that an

extra fireman is needed for "safety" reasons. Here's what the Board had to say on that point:

"The safety and on-time performance of diesel electric locomotives operated under current rules have been notably good..."

"Upon careful analysis of the data submitted on safety, we have concluded that no valid reasons have been shown as a support for the Brotherhood proposal under which a fireman would be required to be at all times continuously in the cab of road diesels. The proposal must be rejected."

The real reason behind these demands is that the union leaders are trying to make jobs where there is no work. In other words, a plain case of "feather-bedding." The railroads have no intention of yielding to these wasteful make-work demands.

"The Safety Record of Diesels is Outstandingly Good..."

PRESIDENTIAL FACT FINDING BOARD REPORT
Read these excerpts from official reports of Presidential Fact Finding Boards:

"The safety record of Diesels is outstandingly good, and it follows that the safety rules now applicable have produced good results."

"The safety and on-time performance of Diesel-electric locomotives operated under current rules indicate that Diesel-electric operation has been safer than steam locomotive operation..."

Remember! These are not statements of the railroads. They are just a few of the many similar conclusions reached by President Truman's Fact Finding Board which spent months investigating the claims of the union leaders.

Dolly has heard recently from her betrothed, Bob Rose of Irvington, who is playing baseball with the Pampa Oilers in Texas. It seems that Bob walked off with the prizes put up by the merchants of Pampa for making the "first double," driving in two rounds with a single, "first walk," etc. The prizes were orders for clothing from the different stores. Bob, as you can see, is an excellent athlete.

DECOTO SCHOOL

Those who are going to Washington High tonight for the Township Register Spelling Bee are Patricia Grandstaff, Loretta Ferreria, Lydia Gallegos and Jessie Saucedo as a substitute.

Open house is being held this week at our school and a welcome is extended to all Decoto townspeople to come and see the fine displays.

Miss Nichelson of Washington High visited our school Tuesday and discussed plans with eighth graders on their first year in high school.

Leslie Rogers and his guitar entertained the eighth grade class of Miss Modesitt Wednesday.

On Sunday, April 23, Ida Paniagua, an eighth grade student here, danced on the Del Courtney show on television. We all wish her good luck in her future.

On Thursday, April 20, a game was played with Bret Harte. The score of the game was 18-5 in favor of Bret Harte. This was the first in a series of games that Decoto lost.

The sixth grade class of Mr. Joergensen took a trip to Hidden Valley Wednesday.

The eighth grade students have been invited to participate in the Eighth Grade Day activities at Washington Union High School today. They will provide bus services for students and chaperones. Tours of the high school will begin about 9:30 and continue until 11:30. Lunch will be served in the cafeteria for all eighth grade students who desire it. They have prepared a short assembly for the entertainment of their visitors.

The eighth grade class of Miss

Modesitt is writing compositions on their future. Each student is to write a composition on what he or she would like to be when grown up. They then make a detailed study of the occupation they have chosen.

The eighth grade girls are making skirts for the Folk Dance Festival which they plan to attend on May 17 at Washington Union High School.

My Angel

To the Newcomers to Washington Township ...

Hello!

We're putting on a subscription contest, and many new names are being added to our list of subscribers. Some of you, we're sure, are very new residents to the township. As a welcoming gesture I am telling you a little bit about our township. Perhaps it will clear up a few things you don't understand.

On the other hand, what I have to say may only add to your puzzlement and—in that case—forget everything I've said and launch out on your own cruise of discovery—without a chart, so to speak.

About the people ...

First, don't ever say that the people in Washington Township are unfriendly. When we first came here (it will be six years ago next month) I was delightfully surprised to find that when I walked down the main street of Niles people not only smiled at

me, but some of them actually offered a friendly "Hello!"

It was my first experience in living in a small town. I was overwhelmed by this show of friendliness, as I had walked down many city streets, of course, and met only blank, impolite stares from the passers-by. If my first impression when I rode down the main street of Niles was, "Oh, what a dreary, dismal-looking little town," my second impression was, "The people are so friendly, you forget how ugly the town is!"

So don't ever accuse the people here of being unfriendly. Perhaps it's YOU. Perhaps you've forgotten how to smile, and will have to learn all over again! You can't retain that touch-me-not air of exclusiveness, you know, and expect to be happy in a small community.

You will find a cross-section here of people, just as you do in any community — business men, professional men, farmers, laborers, housewives, school children. Farming — although the land is slowly being taken over for suburban residences — is still the main occupation here.

The Portuguese people settled here many years ago. They seemed to have a magic touch with the soil, making things grow where others failed, and extracting the most from the soil. It is undoubtedly their presence here that has caused Washington Township to be such a prosperous farming community. It is one of the wealthiest in the state!

We owe other things to those early Portuguese settlers, too. They have brought a great deal of color. Take the Holy Ghost festivals, for example. People have come here from all over the state to attend one of these religious festivals, and not all of them are of Portuguese descent. Many interested onlookers, even though they are not aware of the religious significance, come for the color, the "old-country" atmosphere, the tempting and unusual Portuguese foods.

About Organizations ...

You can't escape 'em. I think there are more clubs and organizations in Washington Township than in any other place on this earth!

Whether you've ever been a "joiner" or not, you'll soon find yourself in one, or possibly half a dozen, organizations, before you've lived here six months.

There's everything from the Country Club to various Sportsmen's Clubs.

The Country Club (which is not a "country club" in the usual sense of the term: golf course, swimming pool, spacious terraces) seems to be the goal many women in the community want to achieve. Like the current popular song-hit, it's "the end of the rainbow" for any number of women. Once they have received a bid to be one of its members, they sort of lean back and relax with a "Whew! well-at-last-I-made-it" attitude.

On the other hand, there are women who have turned down in-

itations to join. So the Country Club remains an enigma in the community. It is viewed with mixed emotions — awe, envy, amusement, resentment and desire. Whatever else you may say, however, it's agreed that its influence has been felt in the community. What that influence is, is a matter that you, the newcomer, will have to decide for yourself.

Recreation ...

We don't have any city parks. We don't have symphonies. We have only an occasional art exhibit. And we have very few formal lectures as such.

But in place of city parks, we have the whole of beautiful Miles Canyon to roam around in (if you don't get poison-oak). We are only 15 minutes away from the deer hunters' paradise, and we have all the almost-virgin country up around Calaveras dam, right at our very door-step.

No, we have no symphonies. But

did you ever sit out under the stars on a summer evening and listen to the cheerful, rhythmical chirp of the crickets, with an occasional friendly frog interpolating some bass notes? Or have you ever listened to birds singing in the early morning? A symphony? What else!

No, not many art exhibits (I said not MANY, Ethel), but when you want to be inspired by something artistic, take a walk, or a drive, down Mission highway and get your fill of beauty and of inspiration from the somnolent, brooding Mission Peak, standing like a sentinel—or rather like a benevolent and protective friend—unchanging and yet ever-changing, with its kaleidoscope of hues varying with the atmosphere and the time of day. It's a constant source of delight, and of reassurance of the stability of Nature, to those who take time to appreciate its beauty.

And for lectures? Do you need them when a complete course in the study of human nature is yours for the asking? In a small community you can talk with anybody. It's a free and easy manner accepted in rural areas. For that reason you can learn many things from many different people.

Unless you develop a disease known as snobbishness, considering that people you already know are the only ones worth knowing, you have at your disposal an education that is worth as much as any college education. Lectures? Pooh! In the country you don't need them!

There, that's the picture of our township as I see it. To you, the newcomers, I hope it isn't a discouraging picture, but rather one that will make you glad you've come here.

Welcome, stranger!

ALVARADO CHAMBER SPONSORS SCOUTS

The Alvarado Chamber of Commerce this week applied for the charter for the new Boy Scout Troop for the community.

John Bond has been appointed representative to the Southern District Boy Scout Committee from the Chamber, according to Walter Oakley II, Chamber president.

Harold B. Delgado of Alvarado, formerly Explorer Advisor for the Decoto Scout Troop, has been named scoutmaster for the new troop by the committee headed by Tiny Alexander. Other members of the committee are William A. Martinez, John H. Bond, Warren

J. Silva and William M. Machado. There are 23 charter members of the new troop, which will meet Monday evenings at the Alvarado Elementary School, according to Delgado.

One of the first official acts of the troop committee was to file a claim to a campsite at Camp Dimond-O for this summer.

The state capitols of Massachusetts and Maryland antedate the American Revolution.

Amador County was created in 1854.

IRVINGTON CHURCH WOMEN FORM CLUB

The final organizational meeting of the young matrons' group of the Irvington Community Presbyterian Church was held last Thursday evening at the home of Mrs. Avis Holt.

The group, which numbers 28, has selected the name of "Ad-A-Mites" and elected officers, who will be installed at the May 18 meeting at the home of the Marjorie Callahan.

Officers named to head the new organization are: Mrs. Evelyn Briggs, president; Mrs. Avis Holt, vice-president; and Mrs. Maxie Taylor, secretary-treasurer. Committee chairmen selected were: Mrs. Janet McLaughlin, ways and means; Mrs. Lillian Short, hospitality; Mrs. Ernestine Brewer, devotionals; Mrs. Dolly Glaubke, program; and Mrs. Mildred Foster, publicity.

According to Mrs. Foster, the group was formed primarily to back the Sunday School and to lend financial assistance to the church building program.

LOCAL EXPERIMENT SHOWS BETTER WEED CONTROL

A new weed control chemical has been applied to fields of vegetables in this area with satisfactory results, according to Farm Advisor Lee C. Benson.

Benson reported that experimental tests using TCA (trichloro acetic acid) were made on Miss Marjorie Patterson's Ranch, Newark, where eight pounds of TCA controlled volunteer barley in emerging table beets and at the Herbert Dobbins at Irvington where 12 pounds of TCA did not hurt emerging broccoli but controlled volunteer oats.

Additional information can be obtained by contacting the Agricultural Extension Service office, basement of the post office building, Hayward.

The land area of California comprises 156,803 square miles; the water area 1494 square miles.

MISSION SAN JOSE NEWS

By LOIS BOTTENBERG

Lois Bottenberg

RETURN TO MISSION

Mr. and Mrs. John Tallent Sr. and their family have moved back to the Mission from Coeur d'Alene, Idaho.

They have been away for a number of years, but are back for good — for we hear they have bought property here in town. Mrs. Tallent is a sister of Mr. Edwin McNemar.

WEEK-END HERE

Miss Edna Mae Cross spent the week-end here with her grandmother, Mrs. Elsie Wilcox as Mr. and Mrs. Bottenberg had gone to Placerville to spend the week-end at the home of Mr. and Mrs. N. J. Kamp and daughter Vicki and Teri.

MOVE ACROSS BAY

Mr. and Mrs. Robert White, who lived here in the Mission for quite some time, moved recently to Redwood City where he went into training as a city police officer. He came over to the Mission on Wednesday and tells us he is on motorcycle detail. He also announces the arrival of a daughter, Kathleen Nancy, on April 13. They have three other children.

NEW HOME

Mervin and Barbara Santos will soon be at home in their tiny, cute little home on Bryant Street as it is really taking on its final "get ready to move in" look. They have been living in Irvington at the home of Leland Telles.

VISIT IN COOL

Mrs. Mildred (Mooly) Steele and son, Douglas, went to Cool on Monday to spend a few days with husband and father, Art, who has a saw mill up there.

GO TO MOUNTAINS

Jo and Ed Chambers and Mary and Lawrence Rogers motored to Placerville (via Jackson) to visit Dr. Andre and also to see the wonderful wildflowers which are certainly growing in profusion all over the hills and in the fields.

OPEN HOUSE

The girls and boys of the Mission Elementary School and their teachers held open house and an afternoon tea on Wednesday at the school for all who were interested in seeing their work and looking

at the school over. The 4-H Club youngsters made a display of sewing, cooking, etc.

PICNIC TIME

It is picnic time again and so as usual John and Kathleen Amaral are all set for the opening of Linda Vista Park on Sunday, April 30. Andy and Nina Hynes, the owners, say this will be another of those very full years with all week-ends and holidays taken long ago. Everything at the park has been given a new look with fresh paint and the concessions and rides are ready to go. The pools and grounds are very beautiful this time of year.

HAT PARADE

The Mothers Club met on April 20 at the school for their regular business meeting and "Spring Hat Parade," which was a riot of cute, funny and ingenious hats. Mrs. Freida Frei took first prize with a black sailor hat, white band, and airplane zooming across the front and shiny jar lids fastened to coiled brass fires, and across the band was the inscription, "Flying Saucers." Ingenious, eh! Then there was Florence Thompson's Chicken Yard which took second place. A large hat box turned upside down was decorated with her hobby, chickens of all kinds. These were glued in advantageous places on the box top and on each side of the hat (?) were flower frogs holding tall anise to represent trees, and entwined around the brim were vines to represent a fence. Betty Andrade won third prize winner with a blue crepe paper hat with tall tree limb, also blue, and two birds perched natively on the tiptop branches. Refreshments were served by hostesses Mary Rodrigues, Margaret Phillips and Sally Souza.

TO BUILD HOME

The B. F. McViors have purchased a lot on the Irvington-Mission Highway from the O. L. Starr estate and are going to begin in a very short time to build themselves a small home. They have a very large home here on Vallejo Street but will make it into an apartment house if all goes as they plan. The new homes will be next to their general hardware store.

NEW TEA ROOM

Miss Olive Hyde has begun work on the new tea room building located back of her "Mission Shop," facing the Mission-Irvington Highway. The new shop will be open to the public very soon and will feature many lovely articles from foreign lands and will be operated by Donald Meyers, local boy who has been Miss Hyde's gardener for a long time.

BABY SHOWER

April 21 at the Mission Grammar School a lovely baby shower was given Mrs. Josephine Souza by her mother, Mrs. Antone Santos Jr., Sally Souza, Teenie Alberts and Margarite Reis. Some fifty guests arrived to spend a happy evening playing games and enjoying wonderful food. A long line of baby clothes decorated the hall and napkins folded as diapers held candy favors for the guests. Josephine's favorite color is yellow and many of the gifts were of yellow. One gift especially brought a lot of attention for it was a parcel of diapers in a soft shade of yellow, really lovely color. Seems even the tiny tots have gone in for colors other than pink and blue.

HAS OPERATION

Mrs. Winifred Fernandez was sent back to the hospital in San

Jose (the Community) last Friday where she underwent surgery again. She is reported as doing O.K. and will be home before too many days. The Mothers Club, of which she is president, has bombarded her with a "shower of cards."

NEWS FROM SON

Robert Lofton, who is a member of Uncle Sam's Navy at boot training in San Diego, informed his mother by letter that he had a 37-hour leave last week-end and went to El Cajon to visit the Russell Davidsons, who used to be their neighbors here in the Mission.

What gives? Is Mike Sullivan moving the rest of his belongings out of the place on Vallejo Street or has he sold and new folks moving in. We wonder. Come on, give, Mike.

Bruce Hanson of Berkeley spent several days a week ago here with his parents, Mr. and Mrs. Carl Hanson.

Mrs. Bettencourt is Shower Honoree

Mrs. Joe Bettencourt Jr. was the honoree at a stork shower last Friday given by her mother-in-law, Mrs. Joe Bettencourt, at her home in Warm Springs. The dining room was beautifully decorated in pink and blue streamers and diamond-shaped favors were placed around the table.

Thirty-five guests enjoyed an evening of bingo, climaxed with the serving of refreshments of sandwiches, salad, punch and cake. The honoree received many lovely gifts for the expected arrival. Mrs. Bettencourt is the former Betty Allender of Irvington.

Attend 'Cosmetic' Party

Irvingtonites who were present at a "Cosmetic party" held at the home of Mrs. Maude Valles of Newark included Mmes. Marjorie Castelano, Leona Cunha, Eleanor Thomas, Carmen Foster and Stella Amaral. After the "show" refreshments were served, thus concluding a very pleasant afternoon for the guests.

Return from Desert

Returning for a delightful tour of the deserts of Southern California last week were Mrs. Dora Scudder, Mrs. F. V. Jones, Mrs. Georgianna Hoskins and Miss Olive Hoskins, all of Niles. The four women were rhapsodic in praising the beauties of springtime in the desert.

Irvington Lad Has Birthday Party

Dennis McKenzie, son of Mr. and Mrs. Louis Flindt of Irvington, ushered in his tenth year in a blaze of glory last Saturday afternoon at an outdoor birthday party held at his home. His classmates and his cousins helped him celebrate the affair with all the pomp and circumstance that is dear to the heart of a ten-year-old. Games, prizes and refreshments—hot dogs, cake and ice cream—kept the children occupied for the afternoon.

Those present included David Gould, Danny Stewart, Ronnie Sylvia, Jerry Neeley, Jimmy Lynn, Billy Lynn, Dwight Chitwood, Danny Dillbeck, Monica Paler, Gary Brewer, Joe Castro, Donald Chrisman, Donald Santos, Gary Lee King, Clarence Telles, Dennis' brother Myron, Richard Eacret, James McKart, Michael Marin, Lennie and Ronnie Valles.

Others were Mrs. Rose Valles, Pat Marin, Estelle Telles, Josephine Vargas, Alvida Vargas, Mrs. Louis Flindt Sr., Mrs. Jay King and Charlie Santos.

Landscape Man Moving to Oakland

Mr. and Mrs. Don Smith of Niles are moving this week-end to an apartment in Oakland. He is employed at the Sunset Nursery there.

Local "green-thumbers" who have studied gardening and landscape design under Mr. Smith during the time that he conducted a class at the night school at Washington High in Centerville will be sorry to hear that he is leaving. He made many friends in the gardening world during the two years that he and Mrs. Smith have made their home in Niles.

Visiting

Mrs. B. Poblitz and Mrs. Eleanor Thomas of Warm Springs were visitors at the home of Mrs. Stella Amaral during the week. They also brought with them little Steve and Penny Cullen of Lafayette who are staying at the Thomas' for a week.

MR. AND MRS. MANUEL HOMEN of Centerville and their young son, Larry (center, front row) are shown in a family group just prior to leaving for New York, where they will take a plane to Portugal, to be gone for three months. They left last Thursday. In the back row, left to right, are Norman Silveira, Mrs. Silveira, John Ponsiano, Mrs. Ponsiano, Tony Homen, Geraldine Homen; front row, left to right, Maurice Leal, Mrs. Leal and their daughter Arline, Mr. and Mrs. Homen and son, Larry, and Mrs. Manuel Homen and Manuel Homen Jr. and their children, Diane and Linda. The Homens will stop in Massachusetts before returning home to visit relatives.

NEWLYWEDS RETURN FROM HONEYMOON; NOW LIVING IN NEW HOME IN HAYWARD

The newlyweds, Robert Joseph and his bride, the former Patricia Lopez of Centerville, have returned home from a honeymoon at Las Vegas and are now living in their new home at Hayward.

They were married at St. James Episcopal Church in Centerville, with the Rev. Arthur Freeman officiating.

The bride, daughter of Mr. and Mrs. Claire Lopez, chose the traditional white satin for her wedding gown. It was fashioned with long train, a full skirt with a panel of Chantilly lace, with an insert of the same lace in the yoke. Her lace-edged veil was held in place with a halo crown of orange blossoms. She carried a bouquet of orchids and carnations.

The matron-of-honor, Mrs. Raymond Santos of Hayward, was gowned in green organza, wearing a matching picture hat. The two bridesmaids, Marjorie Joseph and Beverly Lopez, were in yellow organza and also wore matching picture hats. They carried old-fashioned bouquets.

The bride walked down the aisle on the arm of her father, Mr. Claire Lopez, and repeated her vows at an altar banked with white stock and bridal wreath. The pews were marked with white satin ribbon

and a calla lily. Organ music was played by Louise Larson.

Mrs. Robert Joseph Sr. selected a turquoise crepe afternoon frock for her son's wedding, and Mrs. Lopez chose a rose crepe. Both wore orchid corsages.

Mr. Raymond Santos did best man honors, and the ushers were Dale Engelade and Glen Lewis.

After the ceremony, a reception was held at the Country Club in Centerville and was attended by over 200 guests, who enjoyed dancing to the strains of "Margaret's Melody Makers." The decor of the hall was similar to that of the church—white stock and bridal wreath.

For her going-away outfit the new Mrs. Joseph wore a navy blue suit, with white accessories. Marilyn Critchfield was the lucky girl who caught her bouquet.

Returns to Washington

Mrs. Donald Kirkbride, daughter of Mr. and Mrs. Glen Mohn of Niles, has returned to her home at Winslow, Washington, after a three weeks' visit with her parents. Accompanying her back home was her sister-in-law, Marilyn Kirkbride. The two young women took in several points of interest enroute home, including Reno and Crater Lake.

Teachers Hold Reunion at Kitchen

A "we-used-to-teach-at-Niles-school" group got together last Saturday for luncheon at the International Kitchen as guests of Mrs. Ruth Murphy. Joining with the group were some who are teaching at the school at the present time. Altogether it was a very pleasant occasion for both groups, for there was plenty to talk about, inasmuch as the group hadn't met as a group for four years.

Those present who are no longer teaching at Niles included Mrs. Leona Rathbone of Santa Barbara, Miss Louis Inglis of Stockton, Mrs. June Granville of Alameda, Miss Selma de Jonge of Oakland, Miss Zelmira Domenici of Niles, and Mrs. Dorothy Belshaw of Centerville.

Those present who are still teaching at the school were Miss Marie Curran, Miss Cecelia Enos, Mrs. Eleanor Enos and Mrs. Flora Conner.

After luncheon the group adjourned to the Belshaw home in Centerville, then later returned to Niles and concluded the meeting at the home of Mrs. Enos.

Niles Couple Wed In San Jose

Perun Wulich of Niles and Mrs. Verney Martin, also of Niles, motored to San Jose last Friday and had the knot tied that made them man and wife.

The couple is now living on the International Kitchen property. Mr. Wulich, a brother of Mrs. Querner, is connected with the pottery business at the Kitchen.

Unique Burro Derby to Highlight 4-Day Event at Sonora; Gold Rush Days Recalled

Mother Lode Fair will include the annual Days of Gold Parade on Saturday afternoon, with hundreds of floats, riding units and

As an innovator in recent years has been the inclusion of the International Burro Derby, sponsored by merchants of Tuolumne County. This year's Derby will include several races scheduled for Saturday evening, May 13, and Sunday afternoon, May 14, featuring tests of burro speed and rider endurance, with prize money.

The bringing of irrigation water from the High Sierra Nevada Mountains to the arid lands of the west side of the San Joaquin Valley through the San Joaquin-Kings Canal nearly three-quarters of a century ago is being celebrated again this year with a traditional festival, "It's May Day in Los Banos." Dates of the affair are May 4 through 7.

Behind this is the drama, romance, and tragedy, too, of the real winning of the West in which the star role was played by Henry Miller. From a penniless immigrant to the world's greatest land owner and cattle baron the story of Miller is as Western as the covered wagon itself. For to him this was America and his triumphs epitomized rugged individualism at its best, his inventive mind functioning through necessity. Railroads were built, vast acreages were subdivided and settled; water, the life of the soil, became so abundant, so that, literally, the God Rush days lived on and on. Historians note that Miller coming across a very rough trail from Gilroy about the time of the Civil War organized his trip and after huge land and cattle holdings by saying, "This is it," when at the top of the now Pacheco Pass highway he saw stretched before him the vast prairie and undeveloped valley. Miller with the aid of more or less silent partner Lux seized opportunity and became at one time the world's greatest land and cattle baron. Contrary to many stories, Miller was not the actual creator of the idea to bring water to Merced and other central valley counties. But what Miller did see was that a proposed ditch for water under construction would never be completed without better legal titles. So he and Lux organized the Spreckles family wanted a mortgage on Miller's holdings to secure a \$500,000 loan. This Miller refused and went to the

Henry Miller, as he presided over the annual Los Banos May Day Picnic and celebration in 1904. This year his great-grandson, George W. Nickel, Jr., takes a prominent part in the celebration.

Other major attractions of the Mother Lode Fair will include the annual Days of Gold Parade on Saturday afternoon, with hundreds of floats, riding units and a special Kiddies Parade section. A special entry this year will be the famous Ahmese Shrine Parade mounted rangers, of Oakland, with their dozens of spectacular costumes and precision

Opening ceremonies of the fair will take place at noon on Thursday, May 11, with judging of exhibits getting under way that afternoon. Horses, livestock, hogs, poultry and other entries will be judged that day, while horticultural, home economics

until the mining, banking, and other interests from San Francisco, Reno, and other centers had expended themselves without ultimate results and then stepping in to definitely secure water, Miller got control of an almost defunct water company. The dry years of those days in

the '80's almost three-quarters of a century ago, recalls stories of hardships and privation almost equal to those of the covered wagon trails. Settlers had turned purchased lands back to the three great Miller and Lux Company and the latter even had to feed those in such great distress. That Miller and Lux Company that was California itself was prece-

death bankrupt and Miller's attempt to borrow funds to complete the San Joaquin canals is one of California's historical classics that will live forever. First he tried the then just budding Santa Fe Railroad partly financed by the famous Spreckle family of San Francisco, they it return to have a right-of-way for the railroad through the Mililene and Lux holdings on the western side of the valley. Surveys were completed and work began when the Spreckles family wanted a mortgage on Miller's holdings to secure a \$200,000 loan. This Miller refused and went to the

Southern Pacific Company through a battery of its attorneys, some of whom had been at the SP. Company's law firm, the SP. Company attorneys for the SP. Company and others who later were to become the legal minds of the vast Southern Pacific Company \$500,000 was forthcoming from the SP. lines solely on Miller's first, fast overnight train "Owl" to Los Angeles ran. The canis were completed but not until the entire construction scheme was changed.

This year's festival will observe a three-fold holiday period combining the May Day celebration, Merced County Spring festival and livestock show and the biennial year observance of California statehood.

carefully planned. Starting Friday afternoon, May 20, with a prize array of fat, valley lambs shown by the youth from Future Farmer and 4-H Club exhibitors, the celebration winds up Sunday, May 21, with a thrilling horse show at the Willows Riding Club Stadium. Other events on tap for the Friday afternoon program are: sheep shearing contests, fleece showings and weight guessing.

Many other events include parades, sheep dog trials, Armand Garard and his outstanding Hollywood vandyville show, an evening baseball game. Concluding will be a gala Lamb Derby Dance to the music of Eddie Hallyor, his ten-piece orchestra and vocalists.

Chico State College Stages 32nd Annual Pioneer Days, May 6

The 32nd annual Pioneer Days

will be celebrated on the campus at Chico State, May 6. Since its inception in 1918, Pioneer Days has grown to be one of the outstanding events on the school calendar. For weeks razors have been stored away and whiskerios have made ready for the beard contest, which is always a highlight of the days program.

A parade will open the program, after which the Home Economics Club will serve Eco-luncheon. Last year over 2000 lunches were served.

At midday the "Meistertramm," is presented in the amphitheater, "Bidwell Bowl," "The Bad Man," under the direction of Dewey Roberts, will be presented this year. In the afternoon pie eating contests and beard and costume judging will be held.

A beautiful jockey nudges the nose of "Nugget," the mascot of the Mother Lode Fair and Horse Show, which runs this year from May 11 to 14. Friday, May 12, has been designated as Children's Day. Following the parade on Saturday, the next major event will be the evening performance of the Mother Lode Rodeo at the fairgrounds arena where Christmas, well-known rodeo specialists, of Eugene, Oregon, will present top class rodeo events.

First of the Burro Derby events will take place on Saturday evening, while the finals will be interspersed with rodeo events at the Sunday afternoon rodeo.

LAMB DERBY AT WILLOWS

This year a grand folk dance in the village gym will be given under the direction of Garth Dunning.

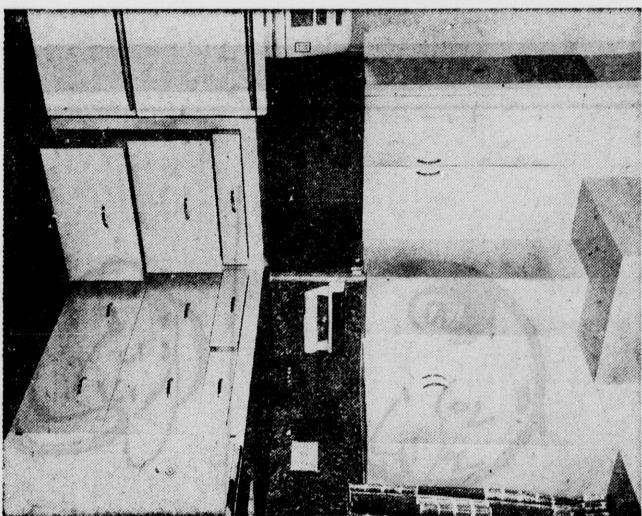

The climax of all the events is the evening performance of the

Many hazards lie in the path of a seed sown in the garden. Its most soil is hard crust.

It needs some maintenance. And to gain the maximum pleasure don't forget barbeque equipment. There's nothing like eating outdoors when the weather is warm. It's part of your Southern California living.

This is a good time to start fuchsias and hydrangeas. The dwarf French varieties of hydrangeas will fit any garden and are smaller and more compact than the older, rambling forms. Fuchsias bloom for months at a time, can be used for bedding, borders and some assume almost tree-like proportions. Excellent for pillars, mounds and fungi, while delaying germination.

Disinfectants are obtainable with which seeds can be treated, to protect them from disease. But one of the greatest hazards is due to the forming of a soil crust above the seeds, which they cannot penetrate.

It is a good plan to save your best loose, sandy loam to use in covering seed. Mix with equal loam.

One of the things that adds luster to Nettie Rosenstein's fame is her firm opposition to round idea. Slim, impeccable and gently handled, they usually have a rounded outline, imperceptibly widened shoulders and a balance of built out pockets at the neckline. Their skirts are of this theme is printed lace.

Nettie Rosenstein's wellbred handling of the daring neckline and very low back is once more apparent in this collection. Stiffened points rising in front of the bodice bring many a décolletage just barely into the realm of decorum. Large shawl collars rise from a very low point at the front. In contrast many day dresses are demure and covered up, not once but twice, by double collars of white linen or pique over the collar of the dress fabric.

Designer Ken Sutherland offers these exclusive, custom-tailored (on silk looms) plaids, used strikingly in two very different ways. The shirt and shorts are bound for active duty—shorts pleated to give appearance of a brief skirt. In the two-piece dress, matching of the huge-blocked plaid is tailor-perfect; skirt fullness centered for a soft, feminine line.

Southern Cornbread Goes With Chicken

When fried spring chicken is scheduled for "Sunday dinner," better plan on having southern cornbread, too. Here's a tested recipe: Sift together one cup of sifted enriched flour, one-half teaspoon salt, one-half teaspoon baking powder. Add one cup white corn meal. Then combine one beaten egg, three-fourths cup buttermilk or sour milk, and three tablespoons melted shortening. Add to dry ingredients. Mix well. Pour immediately into well greased eight-inch square baking pan or well greased sizzling hot nine-inch skillet. Bake in hot oven (425 degrees F.) for 25 minutes.

Veal, Celery, Sauce Tasty With Rice

Leftover cooked veal may be mixed with diced cooked celery and a cream sauce. Season the cream sauce well and serve the veal over rice. Accompany with apple relish or pineapple chutney.

Cover and let rise until bubbly (about one hour). Bake in a hot oven (425° F.) 5 to 10 minutes, or until crust begins to brown. Reduce temperature to 350° F. and bake 35 to 40 minutes longer, or until bread is done. Remove from pans. Brush top crusts with water. Makes 2 loaves.

When the bread is thoroughly cooled, store it in a clean, well-aired covered container in a cool, dry place.

Another bread innovation is Novelty Corn Meal Biscuits. Makes 12 to 18 biscuits. Time: 12 minutes. Temperature: 450° F.

1 1/2 cups sifted enriched flour
1/2 cup enriched corn meal

It's Way in the West for the King of Sports

SLASHING SPEED, STINGING SPRAY—The motorboat speed kings point for another great race season. This week-end it's Parker, Ariz., then Stockton, May 28 and, on May 30, the huge Memorial Holiday Sweepstakes at Long Beach Marine Stadium. The famed "lanky lagoon" is here pictured during a race start.

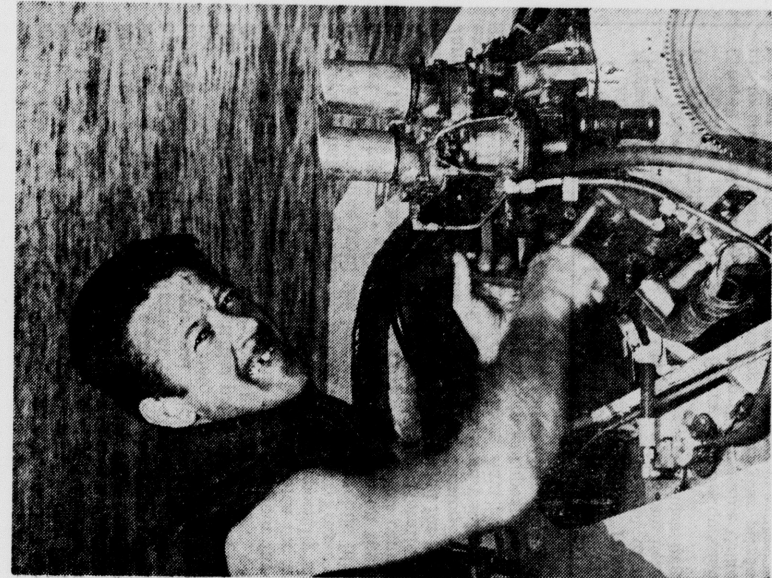

Motorboats at Parker, Long Beach; 2000 Yachtsmen Converge on Ensenada

By BOB RUSKAUFF

An eastern writer once facetiously remarked: "What yachting needs is a king and what motorboat men need are governors."

Which is the bunk. Every blue water sailorman is his own king and the high-flying, lead-footed men of the motorboat roads want anything but a governor. For speed is their alpha, omega and the hole in their pocketbook.

And, beginning this week-end, the season in motorboat racing and in yachting is going into high gear, with two great events, Sunday, on Parker Dam, the

Although he drove his 135-cubic-inch hydroplane to place in 32 out of 33 heats entered in the east last season, Kenny Ingram, veteran El Monte driver, will put the boat into action in the west for the first time May 30 at Long Beach.

Speakers throng Balboa pier to watch that moving panorama of beauty, sleek racing yachts underway. This week-end the greatest galaxy of sea-going sailboats assembled for one event (nearly 150 racing craft and over 2,000 competing yachtsmen) make Ensenada, Mexico, their destination in the 120-mile ocean race from Newport, which started Thursday noon (May 4).

The full power of each country have posted trophies to the winning yacht. Likewise the respective governors of California and Baja, Cal. And, this year, the venerable New York Yacht Club offered its stamp of approval by posting a special award.

Among the 125 or more boats competing is one entered by the United States Navy, the 90-foot yawl, Saluda.

Yachting, of course, is primarily a participant sport, hence each contestant is his own king. Speedboat racing on the other hand, lures thousands of spectators to the major regattas, to watch the swashbucklers of the rooster-tail roads in their salty, thrill-producing action. It's a way to Parker, yet thousands will be on deck Sunday and officials expect that 15,000 will cram Marine Stadium shores for the blue-ribbon May 30 fixture.

Do You Believe in Ghosts?

Think This One Over

On an evening several years ago, so the story goes, a man and wife driving through Niles Canyon toward San Francisco stopped to pick up a hitch-hiker—a young lady. As the car approached Dunbarton Bridge across San Francisco Bay, she told the couple that she was going to a certain address on Sutter Street to visit her mother.

When the car stopped at the toll station on the bridge, the driver handed the collector a dollar. "Three of us," he said, "Three?" The collector was peering at the back seat.

The driver turned. There was no one in the back. The collector shook his head as he made change.

Confused completely, the couple drove on to San Francisco. They went to the address on Sutter Street. A middle-aged woman came to the door. She heard their story calmly, and when they had finished she said:

"My daughter was killed in an automobile accident in Niles Canyon on February 26, six years ago. Every year, on February 26, this happens."

So the story goes. Each February for the past four years, the Township Registrar in Niles has published the story with the accompanying photograph. Carloads of curious drive through the steep-walled, dark canyon after sunset watch-

Solano District Fair at Dixon Observes Diamond Jubilee

On hand for the Diamond Jubilee celebration of the Solano District Fair which opened at Dixon, Cal., May 4, was Mrs. Mary Bloom, 86, who served as an attendant to the very first fair queen, 75 years ago. Mrs. Bloom and her brother, John, 79, will be accorded special honors as the oldest living "first nighters" still attending the Solano district fairs.

The main gates were thrown open to the public for a four-day program at 1030 a.m. on May 4, serving as a curtain raiser for the county and district fairs in Northern California.

Several hundred thousand dollars in improvements were completed for this year's fair, according to Patrick T. McCarthy, fair manager.

These improvements include three new livestock barns, a re-furnished grandstand, revamped rodeo chutes, a new inside rail for the horse racing track, plus newly remodeled rest rooms.

On top of all of this, 44-foot standards have been erected at strategic spots around the entire fair grounds from which giant floodlights will illuminate the entire area. The cost of this project was placed at \$20,000 by McCarthy.

Ground crews regraded the spacious automobile parking area and at the same time paved the concourse walk running between the principal exhibition buildings.

The complete program for the fair is being formed around the livestock classification, national croquet contest, Home Economics Department exhibits, the flower show with its popular song title theme, rodeo, horse show and quarter horse races.

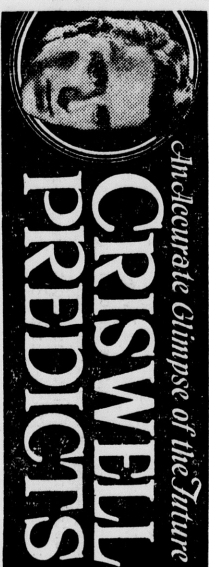

Barbara Crockett, Dixon Union High School senior, is reigning as queen of the four-day fair. She is being attended by aides chosen from among the high schools in nearby cities in Solano County.

Niles boy, just having a little fun. Despite this hoax, the faith of believers-in-ghosts remains unshaken. They point out that the Township Registrar, reprinted any 27—not February 26. So it is a Niles Ghost Girl?

Believe it or not, this is what showed up when the staff photographer on the Township Registrar at Niles had his negatives developed after being sent on the assignment to get a picture of that ghost-girl, to settle the myth. After treading the highway for several hours looking for a ghostly hitch-hiker, the photographer turned his lens to recording the picturesque nature studies. When his negatives were developed the outline of the figure in the right foreground had been recorded. The staff on the Township Registrar say they do not attempt to make "believer" of anyone. For those who believe in ghosts—the above picture is presented.
